

Site Plan

River Park nestles up to a winding portion of the Little Econlockhatchee River; its banks and surrounding wetlands encompass a delicate ecosystem lush with tall trees and abundant wildlife. River Park Apartments has preserved approximately 10 additional acres of wetlands in its natural state in an effort to protect the Little Econ's water quality and a menagerie of wildlife species in this pristine natural setting.

The River...Unwind after a hard day with a relaxing stroll along the banks of the pristine Little Econlockhatchee River. Enjoy the peace and tranquility of a lush natural setting.

The Park...Take advantage of 412-acre Jay Blanchard Park on the Little Econ River. Recreational facilities include baseball and soccer fields, tennis and basketball courts, fishing and sand volleyball, large well-equipped playgrounds, picnic areas and a pavilion.

The Trees...From the winding tree-lined entrance drive to the surrounding conservation area to a serene community lake inhabited by swans and ducks, nature is your neighbor at River Park.

The Difference is...

Your Apartment Home

- Six spacious one, two and three bedroom floor plans
- Choose from several decorator color schemes
- Vaulted ceilings, ceiling fans and hook-ups available
- Spacious walk-in closets
